Product information		Minimize data
HS Code	3402 20 90	

Chemical and physical data

Solubility in water	(20 °C) soluble	Density	1.07 g/cm ³ (20 °C)
pH value	~7.5 (50 g/l, H ₂ O, 20 °C)	Boiling point	~ 100 °C

Safety information

Storage class (VCI)	10-13 Other liquids and solids
WGK	1 (slightly polluting substance)

Disposal	30 When properly used, Extran laboratory cleaning agents are environment-friendly and do not upset biological wastewater treatment. However, if they have been used to tackle substances which are harmful to the environment, place the washwater in Category D.
Transport information	
Declaration (railroad and road) ADR, RID	Kein Gefahrgut
Declaration (transport by sea) IMDG-Code	No Dangerous Good
Declaration (transport by air) IATA-DGR	No Dangerous Good
Specifications	
pH-value (5 %; water)	6 - 8
Density (d 20 °C/ 4 °C)	1.057 - 1.067
Foaming volume (5 %; water)	≥ 80 ml
